

## Product Data Sheet

Part # A1632E - 2 Drum, 30 Gallon Sump Capacity, Modular Spill Containment Platform Without Drain, Yellow

2 Drum A1632E Modular Platform is constructed of durable (yellow) high density polyethylene (HDPE) for excellent chemical resistance. This platform includes Eagle's patented removable (black) HDPE grating for easy cleaning and features a low profile. Also compatible with Eagle's Poly Pallet Ramp (A1689E) for easy loading and unloading. The design allows for multiple configurations and adds flexibility to your spill protection when used in conjunction with our Eagle's 1 drum (A1633E) and 4 drum (A1634E) modular platforms. Platforms can be easily connected with built-in U Channels.
