Part # A1633E - 1 Drum, 15 Gallon Sump Capacity, Modular Spill Containment Platform Without Drain, Yellow

1 Drum Modular Platform is constructed of durable high density polyethylene (HDPE) for excellent chemical resistance. The A1633E platform includes Eagle's patented removable HDPE grating for easy cleaning and features a low profile for easy loading and unloading. The design allows for multiple configurations and adds flexibility to your spill protection when used in conjunction with our Eagle's 2 drum (A1632E) and 4 drum (A1634E) modular platforms. Platforms can be easily connected with built-in U Channels.
