Oil-Only Absorbent Pillows, 8"x18", 20/case

Oil-Only Pillows to absorb high-volume leaks and spills of oil and other petroleum-based liquids on land or water.

Absorbs Oily Liquids — Repels Water: Poly blend filler is hydrophobic — repels water (and floats) while only absorbing oils and other hydrocarbons.

•Pillows Absorb Fluids in Tight Spaces: Pillows are easy to place in hard-to-reach areas — use under machines and leaky hydraulic hoses or wedge in corners cramped for space.

•One Product for a Variety of Uses: Pulls liquids from the floor like a sock. Catches leaks like a pan. Absorbs spills like a pad. It's one versatile product that works for many different jobs.

•Absorb Large Quantities ... Quickly: Ideal for spill response. Easy to toss into action. Pillow's large surface area speeds the absorption process and shortens the overall response time on land or water.

•Color-Coded: Color-coding helps you visually identify the right sorbent for your needs. Bright white designates Oil-Only sorbency for oil and other petroleum-based fluids — but not
