Product Features:

Be prepared for fast response with a HazMat Spill Kit!

Quick Response is Key

Spills happen no matter how hard you try to avoid them. Forklifts knock over drums, tanks are punctured and transporters leak and drip. It is important to have the right sorbents on-hand when these spills occur to eliminate the slip-and-fall hazard. A quick response is the first order of business — and your best weapon — in the fight against spills. Spill Kits are packed with quality Products to help you clean up fast and comply with regulations.

The Sorbents You Need Are All Inside

Includes a variety of sorbents to handle nearly any type of caustic, hazardous or unknown spill — including acids, bases, solvents and chemicals; pre-packed in an X-rated DOT-approved 50-Gallon OverPack. Self-contained Kit stores sorbent products for easy access as needed for spill control; saves time when quick response is necessary. Twist-on, double-wall lid with closed-cell gasket provides sealed and secure closure to protect sorbents from moisture, dirt and damage. Rust- and corrosion-free 100% polyethylene is durable to withstand rough handling. All-in-one design for easy maneuvering; two attached wheels and built-in handle mean no dolly or material handling equipment is needed
